May 18th- May 22th

Monday	Tuesday	Wednesday	Thursday	Friday
18th Objective: Brainstorm creative ideas	19th Use drawing skills and design creative artwork	20th Use drawing skills and design creative artwork	21st Use drawing skills and design creative artwork	22nd Use drawing skills and design creative artwork
Agenda: Read the assignment PDF and brainstorm at least 3 ideas	Execute Bizarre Juxtaposition Drawing	Execute Bizarre Juxtaposition Drawing	Execute Bizarre Juxtaposition Drawing	Continue from previous days... Due Monday Morning, May 25th: Bizarre Juxtaposition Drawing and include the brainstorming page from Monday of this week.
Office Hours: 2-3 <i>Via email</i>		Office Hours: 10 am-11am <i>via email</i>		

Monday Assignment:

Read the assignment pdf here:

[Link to Bizarre Juxtaposition Assignment](#)

Brainstorm by sketching or listing in words 3 or more possible combination ideas for this project. You will include that brainstorming page when you submit the project on Friday. Insert both images - brainstorming and your final drawing- into one Word document to submit (don't use Google Drive because then you have to also share the document with me and that has been problematic for some students).

Tuesday-Friday:

Execute the drawing! Remember to use intentional mark-making- you can use smooth shading or cross-hatching but either way it should be refined and intentional looking. Make sure your drawing has strong value contrast! Lights, mediums and DARK darks.

By the following Monday morning, May 25th, you should submit the assignment. Take a GOOD photo of your drawing. Review this video to know how to photograph artwork:

[How-to video: Taking pictures of artwork with a phone](#)

Include an image of your brainstorming page and your final drawing in one word document to submit on Microsoft Teams.
