April 20th-24th

Monday	Tuesday	Wednesday	Thursday	Friday
20th Objective: Deepen your understanding of improving artistic skill	21st Gain experience drawing with 3 different approaches	22nd Gain experience drawing with 3 different approaches	23rd Gain experience drawing with 3 different approaches	24th Clarification of concepts and prep for format change to Microsoft teams
Agenda: View video: "3 drawing approaches Take notes on video (See assignment specifics below)	Agenda: Review parts of video if needed Practice mark making 3 drawings in 3 days	Agenda: Continue 3 drawings in 3 days	Agenda: Continue 3 drawings in 3 days	Agenda: -Microsoft Teams meeting at 11:00 am -required to EITHER be present during the meeting and comment, OR view the meeting afterwards and send me a comment -Turn in your drawings!
Office Hours: 2-3pm		Office Hours: 11am-12pm		Meeting time: 11am

Monday Assignment:

While watching the video take the following notes. List the names and give a 1-2 sentence explanation of the following:

- 1) 3 aspects of making "good" art
- 2) 3 approaches to starting a drawing
 - a) Notes on Gesture drawing

b) Notes on Block-in drawing

Keep your notes for an open-note quiz later this week or early next week. Note that after this week we will likely be switching over to Microsoft Teams for assignment videos, explanation, and submitting work. Take this time to familiarize yourself with Microsoft teams so that you are ready to give feedback about it on Friday. I feel that it will be the most convenient way to handle distance learning so that everything can happen in one place- rather than jumping around between formats. I will also be adding updates, project tips and reminders on my school instagram account. Follow it at @issyartanddesign.

Tuesday-Thursday:

Draw! Draw an object or still life from real life, not from a photograph. In the video I draw from a printed picture of one of my houseplants, only for the sake of showing you what I'm drawing side by side with my paper. See the video for details. Do 3 drawings of the same object. Draw on 8.5" x 11", 9x12, or similar sized paper. The goal is to spend an average of 25 minutes a day on classwork, so if you'd rather do that all at once in one day and none the other days that's ok, too!

Friday:

Try to finish up your drawings and if possible be at our live meeting, or view it later in the day or over the weekend. To turn in your work from the week you need to insert all 5 images into one word doc or google doc to submit. I will not accept multiple files from you. Those five should be photographs of:

- 1) The real thing you drew
- 2) Mark-making page including 8-10 ellipses
- 3) Contour line drawing
- 4) Gesture Drawing
- 5) Block-In Drawing
